STEP TWO CHOOSE YOUR COLOURS

Now you have picked your design, its time to pick your colours. Current Stump Wrap by Cyclona designs can have up to three different colours dependant on the design. Select your colour from our list below. If your colour is not shown below, no worries. We just need either a hex code or PMS value for the colour.

STEP THREE CHOOSE YOUR FONT

You have the colour sorted, now to choose your font! We have six options for you. However, if you have a font you use, we just need the file! If you choose to give this space to a sponsor, just upload the file!

STEP FOUR UPLOAD YOUR LOGO

The final step is to upload your club/team/school logo. We prefer to receive the logos in either a Vector PDF, eps or ai format. However, JPG and PNG can be acceptable if over 300dpi. Any lower and you risk your logo being pixellated. The graphic below highlights why.
